

**My notes:**

- (LINUX) [Pen Testing Notes](#)
- [Active Directory Pentesting Notes](#)

**My Checklists:**

- [Linux Pentesting Checklist](#)
- [Windows Pentesting Checklist](#)
- [Pen testing checklist](#)
  - It's a checklist with some random tips. Not very well made since I eventually switched to making separate Linux and Windows Checklist as seen above
- [Powall's Checklist](#)

**My cheatsheet of most common commands:**

- [Pentesting Most Common Commands](#)

**OSCP-Specific Documents:**

- [OSCP Study](#)
- [OSCP Most Common Attacks](#)
- [OSCP ALL Challenge Lab writeups](#)
- [OSCP Report Writing Notes](#)
- [OSCP Helpful tips and resources](#)

**OSCP-Day Documents:**

- [OSCP Flags And Screenshots](#)
- [OSCP Commands to run initially](#)

**Helpful:**

- [How to backup VM from VMWare and export to Virtual Box and how to add Guest Additions to Virtual Box](#)
